SUIT TO SET ASIDE OIL CONTRACT.

Clifton C. Bosworth, of Lexington, Receiver of the Bourbon Oil & Development Co., and its auxiliary, the Co-operative Land and Development Co., of Paris, has filed suit in the office of Deputy U. S. Court Spencer Fennell, in Lexington, against the Marchmont Oil Co., and others, composed mainly of Paris and Bourbon county people.

The suit seeks to set aside an alleged contract between the Marchmont Oil Co. and the Bourbon Oil & Development Co., whereby the Marchmont Co. is said, agreed to sell its leases, equipment, etc., to the other companies for \$15,000, to be paid by notes of \$7,500, given by each of the other companies. It also asks that two notes of \$7,500 each be cancelled.

It is also asked in the suit that a deed of conveyance by the Co-operative Land & Development Co., transferring an oil lease in Lee County to the defendants, be decreed to be only a mortgage on the property and not an absolute conveyance of interest of the Co-operative Land & Development Co.

BOURBON CIRCUIT COURT

Following the adjournment taken from the opening day the second day's session of the Bourbon Circuit Court convened Tuesday morning, when Judge Robert L. Stout took up the docket with the criminal cases. Maggie Brooks and Bessie Dorsey, two colored girls of North Middletown, convicted and sentenced to two years each in the penitentiary on a charge of forgery, were ordered sent to the State Reform School, on account of their youth, both being under seventeen years of age. Emma Hamilton, colored, on the same charge, pleaded guilty, and was given two years in the Frankfort Reformatory. Edgar French, colored, charged with stealing a pair of shoes from Joe Fudold, failed to answer when his name was called. He was found guilty and sentenced to three months in the county jail at hard labor. Judge Stout called the attention of those present in the court room to the unusual proceedings, when three women were convicted of the same charge, saying that forgery was one of the hardest crimes in the world to get away with, and that punishment was sure. In the afternoon Judge Stout heard arguments for the allowance of attorneys fees in the suit of depositors vs. George Alexander Bank, no decision being reached. The members of the petit jury were summoned Wednesday morning. The grand jury made their final report, returning nineteen true bills. Bench warrants were issued and the jury was excused by the Court.

Wednesday damage suits filed by Richard Stewart and Ossie Gravitt against the Paris Milling Co. came up for trial. After the jury had been sworn, attorneys on both sides announced that a settlement had been reached and the cases were dismissed. The Court adjourned to Thursday.

When Court resumed business yesterday morning the trial of A. S. Evans, colored, charged with house-breaking and grand larceny was entered into. The jury gave him a sentence of two years in the Frankfort Reformatory.

Y. M. C. A. NOTES

The Y. M. C. A. schedule for this week has several special numbers in addition to the regular program of activities.

On Friday night at 7 p. m., Mr. Eugene King, on furlough from Y. M. C. A. work in France, will deliver or address in the lobby. Mr. King was in the Y. transport service during the war, and has had a very interesting war work experience. Admission free. The public is cordially invited.

At 7 30 p. m. Friday the Business Men's Volley Ball Team will hold their first practice for the season. This team promises to bring \$500,000 worth of advertising to Paris also. W. R. Blakemore, Dr. D. S. Henry, Withers Davis, J. G. Metcalfe, T. S. Smylie, M. P. Collier, A. V. Duglass are among those who promise to stage a "come back" and will try for the team.

"That Dam Ye," the story of war work in France, is a popular recent addition to the reading room table. November 14 to 20 has been set aside as the Y. M. C. A. International Committee as the week of prayer and will be observed by the Bourbon County Association.

Secretary C. B. Harrison calls attention to the fact that the Bourbon County Y. M. C. A., as its name states, is a county organization, supported by citizens from all parts of the county and desiring to serve all of the citizens of the county.

No limits or boundaries except the county boundary lines are recognized in the work, and boys and young men from all over the county are invited to come in at any time and to make use of the various features and to make themselves at home.

THREE CONVICTS ESCAPE FROM SHARPSBURG CAMP

Chief of Police Link received a message Wednesday from the Bath county authorities stating that three colored convicts, two black and one a mulatto, had escaped from a construction camp near there. The men had been working on road construction work. They were thought to have headed this way.

Chief Link later received word that three strange negroes answering in many respects the description given of the convicts, had been seen on the Redmon pike near Paris. He went to the point in his auto, but the men had disappeared. A vigorous search is being made for them.

COMMERCIAL CLUB LISTING AVAILABLE BUSINESS SITES

In connection with the meeting of the Commercial Club next Tuesday night on industrial development, an effort will be launched to list available factory sites and empty buildings for the location of new industries in Paris. William E. Hacker, secretary, already is furnishing information to concerns contemplating locating in Paris and finds the demand is largely for vacant buildings since there is not much disposition to undertake building operations at present. Other subjects in regard to industrial development will be the labor situation, discussion of the policy of the club in seeking new industries, what class of industries Paris is particularly adapted for by virtue of location and resources, expansion of present industries and kindred subjects.

This group of meetings will be followed by meetings dealing with civic affairs, under the direction of John J. Williams, head of that department of the club. A host of projects are listed for discussion under this heading. Improved health conditions, parks, playgrounds and other recreational facilities, better service from public utility companies, the housing question, agricultural and highway development, are some of the questions to be discussed.

Following the meeting of each interest group, the board of directors will be presented with reports of the action at the meetings, and committees will be appointed, commissioned with definite tasks. The committees will be composed of from seven to fifteen persons.

AUTOISTS CONVICTED IN POLICE COURT.

That the Paris police and Police Judge Martin are making a determined effort to stop violations of the automobile laws, is evidenced from the records of the Court. In the past few weeks thirty convictions have been secured and heavy fines imposed out of a total of thirty-five cases presented in the Court.

The charges upon which the violators were arrested were principally parking on wrong side of the street, or leaving cars parked on Main street longer than the prescribed time. Exceeding speed limit, reckless driving, glaring headlights and other violations of the city ordinances and the State law formed the basis of other convictions in the Court.

The police state the good work will go on. Autoists are rapidly becoming convinced that the laws must be obeyed.

LOCAL BOY BECOMING FOOT BALL STAR

The daily papers carried the following Tuesday on their sporting page in a special from Lexington, concerning a Paris boy who is coming to the front in the football world:

"Rice, a light but fast end from Paris, Ky., probably will start Saturday against Center in place of George Zerfoss, whose playing this season has not been up to par. Rice has played in the Kentucky-Cincinnati game and demonstrated his ability to stop runs around his end, and take a prominent part in the offense."

A. T. Rice, Jr., referred to in the above, is a son of Mr. and Mrs. Aler T. Rice, of Paris. He is beginning his Freshman year at the University of Kentucky by establishing an enviable football record. He is thus continuing the splendid athletic record he made at the Paris High School, where he was active in both football and basketball. Rice, who has registered in the College of Arts and Science, is a pledge of the S. A. E. fraternity and is also making a good record in the class room.

FOURTH ANNUAL RED CROSS ROLL CALL

Forces of patriotic Bourbon county citizens will soon be marshalled for the Fourth Annual Roll Call of the American Red Cross. With its coming the people of Bourbon county, whose record of patriotic war service was second to none, will again respond to the call for humanitarian service.

With a quota of two thousand, officers of the local Chapter predict that the county will "go over the top" with the same push that characterized the war time drives. The various organizations of the city and county are giving their full endorsement to the Roll Call, and will assist in realizing its full success.

The Bourbon County Woman's Club, at a recent meeting, unanimously approved the Red Cross Roll Call. Sunday, November 14, has been designated as "Red Cross Roll Call Sunday." Announcements will be made from all pulpits in the county and from Sunday schools relative to the Roll Call.

ARMISTICE DAY OBSERVED

There was no public observance of Armistice Day in Paris. The schools gave a holiday to pupils in honor of the day. Bourbon Post, American Legion, gave a program of appropriate exercises in the Masonic Temple, last night, followed by an oyster supper. Nearly all the ex-service men from Paris and Bourbon county attended. The day was publicly observed elsewhere, in a manner befitting the importance of the day, but Paris remained dumb!

"WITH THE DRUMMERS"
In "Notes of The Traveling Men," Sunday's Lexington Herald has the following concerning well-known traveling men of Paris:
"If any traffic officer thinks he can outdo Les Rue, just let him try it. One officer in Paris a few days ago got after him for parking his car too long on Main street, and Les argued with him so fast that the officer forgot all about what he was there for."
"Cooney" Neff, representing the Power Grocery Company, Paris, was in Beattyville last week. "Cooney" talked so loud that he was heard in Heidelberg six miles away. He must have been excited over the election returns."

DEMOCRATIC PARTY TO BE "RE-ORGANIZED"
George White, chairman of the Democratic National Committee, disclaimed knowledge of a conference which has been reported to have been called in Washington for a reorganization of the Democratic party, presumably by those opposed to President Wilson.
"I am still national chairman and have no knowledge of such a gathering," said Mr. White.
He added that, of course, there was no reason why any group of Democrats should not get together and discuss plans for the future. He said that he intended to leave New York for a ten-days' hunting trip, after which he would make his headquarters in Washington.
"As soon as I get on the job again," he said, "I intend to call a meeting of the National Committee and appoint an executive committee. The work of shaping policies for the future will be largely in the hands of the Executive Committee."

WAS WORTH ITS WEIGHT IN GOLD

Mrs. Proctor Values Tanlac Highly.
Gains Twenty-five Pounds.

"A medicine that will do as much for anyone as Tanlac did for me is worth its weight in gold," said Mrs. Sydney Proctor, 524 College street, St. James, Winnipeg, Manitoba, Canada.

"Last winter," continued Mrs. Proctor, "I was so run down and weak it was all I could do to get around the house by holding onto the chairs and furniture. I had no appetite and everything I managed to eat seemed to lie in my stomach and sour, causing so much gas and palpitation that I could hardly breathe. I had terrible dizzy spells, and was so nervous the least thing upset me and I had a pain across my back all the time. I had splitting headaches, never knew what it was to get a good night's rest and of mornings I felt simply dreadful. I was told my condition was the after effects of 'flu,' which I had earlier in the winter, but I could find nothing to help me at all.

"Tanalac was so highly recommended I resolved to try it and it certainly proved its worth to me. I have gotten back my lost strength and now do all my housework easily; I eat ravenously, digest everything perfectly and have gained about twenty-five pounds in weight. Every one of my troubles is gone and it is a pleasure to have this opportunity to recommend Tanlac."

Tanalac is sold in Paris at the People's Pharmacy. (adv)

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative With Calotabs, the Purified and Refined Calomel. Tablets that are Nausealess, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess calomel tablets called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful. (Adv.)

Last week Millersburg experienced a carnival of deaths. Last Friday night Mr. Caleb W. Corrington, Mr. Joseph Plummer and Miss Laura C. Jefferson lay in the cold embrace of death, at the same time.

Mr. Corrington had been in failing health for some time, but his condition was not thought to be serious. Recently he suffered several severe attacks, which was thought by his friends to be acute indigestion. Thursday morning his condition was alarming, and Dr. David Barrow, of Lexington, was summoned, giving no encouragement. Later in the day Dr. Clarke, of Lexington, visited him, but he continued to grow worse dying at 4:15 p. m. Thursday, aged sixty-three. Mr. Corrington was one of the best known business men in Central Kentucky, having practically been engaged in the dry goods business all his life. The remains were interred in the Millersburg Cemetery at 3:00 p. m. Saturday, after a short service at the grave by his pastor, Rev. F. P. Adams, of the Methodist church.

Mr. Joseph Plummer aged sixty-two, died Friday afternoon, at St. Joseph Hospital, Lexington, as the result of an operation. Mr. Plummer had been confined to his home for several weeks with what was supposed to be stomach trouble. Drs. Daugherty and Orr, of Paris, were summoned in consultation with his attending physician, Dr. J. D. Calhoun. It was decided that an immediate operation for abdominal trouble was necessary. He was taken to St. Joseph Hospital, Lexington, Wednesday afternoon, where he underwent an operation Thursday morning, which was not a success, and owing to complications, was not completed. He grew rapidly worse, dying Friday afternoon. His widow and seven children, five brothers and two sisters, survive him. He was a life-long member of the Methodist church and a faithful church and Sunday School worker. He was also a member of Amity Lodge No. 40, F. & A. M. The funeral took place Sunday at 2:30 p. m. from the Methodist church, services by his pastor, Rev. F. P. Adams. Interment in Millersburg cemetery.

Miss Laura C. Jefferson, aged sixty-nine, died Friday at 3:40 a. m.,

after a lingering illness of five years, of hardening of the arteries. About two weeks ago she went into rapid decline and continued to grow worse until the end. In the autumn of 1915 her health began to fail. For several years her decline was slow, but gradual. During the greater part of her long illness she was a comfortable invalid, and until within two weeks prior to her death she was able to go about the house. Miss Jefferson was born in Maysville, and was the eldest daughter of John Nelson and Mary James Jefferson, her father being an attorney-at-law and representing Mason county in the General Assembly of Kentucky, when she was but a

child. Her mother afterward married. For a number of years Miss Jefferson resided at Mayslick, Mason county, with her mother, stepfather and younger children. On March 1, 1889, she moved with her mother and half-brother, Mr. R. M. Caldwell, to Millersburg, where she has since resided. She united with the Presbyterian church when a little girl, and until her declining health, was engaged in church and Sunday school work in homes at Maysville, Mayslick and Millersburg. She is survived by one half-brother, Mr. R. M. Caldwell, with whom she resided at the time of her death. The funeral services were conducted Sunday at 1:50 p. m., from her late residence on Trigg avenue by her pastor, Rev. W. W. Morton, of the Presbyterian church, assisted by Dr. C. C. Fisher, President of the M. C. Interment on the family lot in Mayslick Cemetery.

LONG SEARCH ENDED; REWARD AFTER 4 YEARS' OF SUFFERING

Read Mr. Justice's Statement.

"I have suffered for four years from rheumatism and constipation. Not long ago I saw an ad. in the paper with a free coupon attached. I clipped it out and got a free bottle of RE-CU-MA. I took it according to directions and about the fourth day my rheumatism left me. I had also suffered from constipation which was relieved. I have only taken one bottle, but I never felt better in my life than I do now.

"For years I have taken different kinds of medicine, but I can honestly say that RE-CU-MA has done me more good than anything I have ever taken.

"I think RE-CU-MA should be recommended to every sufferer from rheumatism for I know it is what they need to make them well. I want this letter published so others will know that RE-CU-MA has done for me, and what it will do for me, and what it will do for them. I never expect to be without RE-CU-MA again.

Call In While We Have Plenty

When a Woman is Nervous—Worried

Most women neglect their health, and for this they pay the penalty. Any woman will find that neglect does not pay. A little more attention to health would brighten up her life. If she asks her neighbors she finds that Dr. Pierce's Favorite Prescription benefits a woman's whole system. It not only acts upon the troubles and weaknesses peculiar to women, but is an all-round tonic that braces the entire body, overcoming nervousness, sleeplessness, headaches, dizziness and a run-down condition.

All druggists. Liquid or tablet form. Send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial package.

ATHENS, TENN.—"I have been ailing with feminine troubles for 25 years, and thought I would never be well. I had five different doctors, and was confined to my bed at times. A friend told me to try a bottle of Doctor Pierce's Favorite Prescription, and I got a bottle and took it, and felt so much better that I have never been without it since."—MRS. BECKEY CAIN, R. F. PAINS NEARLY DOUBLED ME UP

Nothing Helped Me Until I Took Lydia E. Pinkham's Vegetable Compound.

Wyandotte, Mich.—"For the last four years I have doctored off and on without help. I have had pains every month so bad that I would nearly double up. Sometimes I could not sweep a room without stopping to rest, and everything I ate upset my stomach. Three years ago I lost a child and suffered so badly that I was out of my head at times. My bowels did not move for days and I could not eat without suffering. The doctor could not help me and one day I told my husband that I could not stand the pain any longer and sent him to the drug-store to get me a bottle of Lydia E. Pinkham's Vegetable Compound and threw the doctor's medicine away. After taking three bottles of Vegetable Compound and using two bottles of Lydia E. Pinkham's Sanative Wash I could do my own housework. If it had not been for your medicine I don't know where I would be today and I am never without a bottle of it in the house. You may publish this if you like that it may help some other woman."—Mrs. M. A. S. STENDES, 120 Orange St., Wyandotte, Mich.

RABBIT SEASON OPENING NEXT MONDAY

Next Monday morning, November 15, if you have secured your hunting license, you will be permitted to shoot rabbits. Hungarian pheasants, said to be propagating rapidly in this State, will not be harmed within the law until the year 1924, when it is believed that game will be plentiful. The rabbit season, now but a few days away, is being eagerly awaited by many who are planning to take the field with guns and dogs.

A BIT OF ADVICE

First — Don't Delay. Second — Don't Experiment

If you suffer from backache, headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Paris residents desire more convincing proof of their effectiveness than the statement of a Paris citizen who has used them and willingly testifies to their worth?

Wm. W. Dudley, 1729 Cypress street, Paris, says: "Some years ago I found it necessary to use a kidney remedy and as I had read about Doan's Kidney Pills, I used them. They proved to be satisfactory and permanently rid me of the complaint. I have good reason to recommend Doan's Kidney Pills and advise their use to anyone troubled with a weak and lame back or irregular passages of the kidney secretions."

IT COSTS TOO MUCH TO BE SICK

Keep Your Blood in Good Condition and You Throw Off Disease

PAY ATTENTION TO YOUR HEALTH

No Need to Take Chances With It. Pepto-Mangan Makes Rich, Red Blood.

When you first feel a tired, all-over feeling and look pale, your blood is losing in quality. Weak, impoverished blood has no power to fight disease. It takes red blood to keep you well.

If you keep your blood in good condition it will fight off disease. You will not be such an easy prey to long and expensive sicknesses. With thin blood you take chances every day.

There's no need doing that. You can take Pepto-Mangan and build up rich, red blood. With red blood you are able to win in the fight against prevailing diseases. Try Pepto-Mangan. It comes in tablet or liquid form. Take either kind. The tablet has the same medicinal value as the liquid. But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the name, "Gude's Pepto-Mangan," is on the package. (adv)

BETTER SIRE, BETTER LIVE-STOCK

A better understanding of what better sires would mean to the livestock industry of Kentucky can be gained by the following. Two pigs, one a scrub and the other by a registered boar, were weaned at the same age of eight weeks. They were kept in the same pen from the time they were weaned until they were six months of age. These pigs ate the same kind of feed out of one common trough and at the end of six months the scrub weighed 95 pounds, while the other weighed 200 pounds. The condition and the quality of the pig from the registered boar made it worth more per pound than the scrub, not considering the 105 pounds difference in weight.

GET MORE BUTTER

Mrs. Hattie Meece, of Glenn, Missouri, says: "I was not making enough butter from my cow's milk production for a family of two. After using Dr. LeGear's Stock Powders a short time, she gave a half gallon more milk a day, and a pound of butter a day."

Dr. LeGear's Stock Powders give to milk cows just what is needed to keep the digestive organs in proper condition, so that they get the most possible good from their feed. Give equally wonderful results when used for horses, hogs, and sheep, because they are a tonic, appetizer and worm expeller.

It matters not what ailment you may have among your stock or poultry, it will pay you to get the proper Dr. LeGear's Remedy from your dealer. They are the Doctor's personal prescriptions, compounded during his 28 years of Veterinary Practice and Expert Poultry Breeding. They must satisfy you, or your dealer will refund your money.

NEW IDEA FOR STORING VEGETABLES.

Every year many farmers store vegetables in the ground. A new method of handling this is to take an ordinary barrel, lay it down on its sides, leave one end open. This barrel can be covered with alternating layers of straw and dirt so as to prevent the vegetables from freezing. The barrel can then be filled with vegetables and all the dirt and straw will be kept away from them throughout the season. Another point in favor of this barrel system is that several different kinds of vegetables can be placed in the same barrel. After the barrel has been filled the head, which should be in one piece, is properly fastened and the barrel covered with dirt. When it becomes necessary to open this pit, remove the dirt from the head and take out what vegetables needed. Place the head back in position and put the dirt back in place. The vegetables will keep well in this manner and they will be free from dirt and also it is not necessary to destroy the entire pit in order to remove part of the vegetables.
